

Interested in attending a Virtual ADDRESSING SUBSTANCE USE Champions Workshop?

Level **2**

WORKSHOP OBJECTIVES:

- APPLY** an appropriate evidence-based assessment tool to identify people with substance use disorders.
- LEARN** therapeutic interventions and techniques to treat clients with substance use disorders.
- DISCUSS** approaches to integrate best practices in clinical care and organizational processes.

The Addressing Substance Use Virtual Level 2 Workshop is a FREE, live 2-part virtual educational opportunity designed for nurses and other health professionals with experience working with clients who use substances and who would like to advance their knowledge.

Register Today!
