Actions Taken:

- The ministry's [website](#) has been updated with the most recent case definition. Please use this case definition with the published guidance documents; future updates to the guidance documents are ongoing.
- Future scenario planning, including pandemic, is currently underway amongst provincial partners and stakeholders. Further information will be communicated as the process evolves.
- The ministry continues to work with federal and local partners to support the remaining repatriated citizens at the NAV Centre.
- Planning continues with federal and local partners to manage travellers from the Diamond Princess who did not return to Canada on the repatriation flight.

Next Steps:

- The ministry is updating guidance documents and will distribute them once they are complete.
- The ministry will work with and support local partners and the federal government to support repatriated citizens.
- The ministry continues to work with health system partners to understand their needs with respect to personal protective equipment and other supplies.
